Where to park

Valletta
The CVA charge applies Monday to Friday, 08:00 to 14:00; outside those hours entry is free. Or park outside the walls: Floriana Park & Ride, or the MCP car park in Floriana, about three minutes' walk to City Gate.

Mdina
No cars inside the walls. Park at Howard Gardens, just outside the main gate, and walk in.

St Paul's Bay
Along the promenade or the side streets off Church Street. Bring coins for the metered spots on the Buġibba promenade.

Golden Bay
The car park at the top of the bay is tight by 10am in July and August; in peak season it is run for a few euro.

Mellieħa, Għadira Bay
A council car park right behind the beach.

Popeye Village
A paid car park at the entrance.

Blue Grotto and Dingli
A car park at the Blue Grotto viewpoint; roadside parking along the Dingli cliff road.

Marsaxlokk
The Sunday market fills the seafront; a street or two back usually has space.

Victoria, Gozo
Savina Square car park below the old town, then walk up to the Citadel.

Ġgantija, Gozo
A car park at the visitor centre.

Ramla Bay, Gozo
The car park behind the beach fills early in summer: go there first.

Before you drive

- Malta drives on the left. At a roundabout, look right and give way to traffic already on it.
- Limits are 50 km/h in towns and up to 80 km/h on open roads, lower where signed.
- Keep your licence, ID or passport and the rental papers in the car.
- For Gozo, drive straight onto the ferry at Ċirkewwa; you pay only on the way back.
- Summer beach car parks fill by mid-morning: start early.
